

# Cathexis Psychedelics Treatment Costs

Invest in your well-being with our ketamine-assisted psychotherapy treatment program structured to promote optimal therapeutic benefits. We recommended a minimum of 3 initial ketamine treatments and psychotherapy integration. Explore our various pricing options designed to accommodate diverse budgets and therapy preferences. Options include 3 and 6 session packages (with or without psychotherapy integration) or stand-alone treatments.

## Treatment Packages Options

Package Type	Number of Ketamine Sessions	Number of Integration Sessions	Package Cost	Packages Include*
Holistic Journey Package	6	6	\$3995	6 Ketamine Treatments 6 Integration Sessions Medical Evaluation \$110 Credit for Psychotherapy Intake
Intensive Package	6	0	\$3125	6 Ketamine Treatments Medical Evaluation \$110 Credit for Psychotherapy Intake
Wellness Journey Package	3	3	\$2110	3 Ketamine Treatments 3 Integration Sessions Medical Evaluation \$110 Credit for Psychotherapy Intake

Couples Shared Journey Package	6	6	\$3445 per person	6 Ketamine Treatments 6 Integration Sessions Medical Evaluation \$110 Credit for Psychotherapy Intake
Couples Compass Package	3	3	\$1730 per person	3 Ketamine Treatments 3 Integration Sessions Medical Evaluation \$110 Credit for Psychotherapy Intake

**\*Package pricing does not include 48-Hour Late Cancellation Fees, cost of oral ketamine medication Costs (for client's who opt for oral ketamine over intramuscular administration), and/or 15-minute increment charges for sessions that extend past their scheduled time.**

## Stand-Alone Fees

Service Type	Fee
Psychotherapy Intake	\$110
Medical Evaluation	\$265
First Ketamine Treatment (3 Hours)	\$550
Subsequent Ketamine Treatment (2 Hours)	\$465
Psychotherapy Integration Session (Per Hour)	\$150
Annual Medical Evaluation Update	\$265

### **Oral Medication (Sublingual Troches) Cost: \$65-\$100**

In addition to the prices listed above, clients who opt for sublingual troches will be required to pay to full cost of the medication. Pricing is determined by the pharmacy and is based on dosing and quantity prescribed.

### **Extended Session Fee (\$45 per 15-minute increment):**

Because of the staff coordination required to provide care safely and effectively, adherence to allocated service times is crucial. Clients will incur an additional charge of \$45 for each 15-min increment of time which exceeds the scheduled end of an appointment. Exceptions are made for provider-caused delays. Timeliness to appointments and respect for set durations are appreciated.

#### Standard Service Durations:

Inaugural Ketamine Treatment including Medical Evaluation – Total Time 3 Hours

Subsequent Treatments – 2 Hours

Integration Session – 1 Hour

### **48-Hour Cancellation Policy Fee (Full cost of scheduled appointment):**

Because of the coordination and planning that is involved in our services, we require a minimum 48-hour notice for cancellations or reschedules. Failure to provide a minimum 48-hour notice will result in a late cancellation fee equal to the full cost of the scheduled service.

#### **Additional Notes:**

- The Psychotherapy Intake and Medical Evaluation Fees are non-refundable should it be determined that ketamine treatment is contraindicated, or you decide not to move forward with ketamine treatments.
- Cathexis Psychedelics does not participate in insurance plans and cannot assist in out-of-network claim processing. A Superbill can be provided upon request, but it is unlikely that ketamine treatments will be reimbursed. Further, we cannot and will not alter our Superbill to accommodate a payer's specifications.
- Our treatment program is designed to work with psychotherapy integration, whether with one of our clinicians or your own trusted therapist. If you are seeking a ketamine treatment program that does not involve psychotherapy integration, an IV infusion clinic may be better suited to your needs.
